SCHOOL INFORMATION & EVENTS

LEGO CLUB NEWS

Our first meeting was a success! The students did free building and mini-challenges like building a bridge for the first part of the session and worked in teams to create an air powered Lego vehicle for the second part. This activity was very challenging and required determination, trouble-shooting, and problem-solving practice to find a design that would accomplish the students' goals.

Just a reminder, this club meets the first Monday and third Thursday of every month from 3-4 P.M. Exact dates can be found on the school calendar at our school's website.

This club has been partially funded by the Thrivent Action Teams project. We received \$250 to purchase more Lego kits, ball and socket Lego joints, hinged Lego joints, and a Meeperbot which is a device that works with Lego blocks to make and program different types of vehicles using iPad apps. While we have a great start to our Lego collection, we are always looking to add more. Please contact Mrs. Bunn if you would like to help supplement our current supply. Thank you to everyone who has already donated materials for this club!

PICTURE DAY

Please remember that picture day is coming up! Wednesday, October 19th, pictures will begin at 8:30am. Parents, envelopes were sent home containing order forms. If you didn't receive one from your child please contact Mr. Raddatz

PARENT FUN

I will be the first to admit that raising children sometimes means that we, adults, don't get to spend a lot of time with other adults without our children also joining the party. Accordingly, I am seeking input from you, the parents, about events or activities that we could still schedule this year, as opportunities for parents to get together to share adult time. If you have any suggestions, or would like to spear head creating and hosting an event, please email me, Mr. Raddatz, with your contact information and event details. Email: trr61210@gmail.com. Suggestions might be: wine & paint, enjoying a new restaurant, attending a sporting event, book clubs, progressive meal, etc.

FVL Schools ELA Committee Meetings This Week

Our first full ELA Committee meetings for the year will be held tomorrow and Thursday at FVL, from 1-4pm. Teachers participating in the effort this year are asked to pick between those two days and indicate their attendance on the Doodle link below (which had been previously sent out). If your teacher has not yet completed the October meeting Doodle, please pass along the following link. Thanks!

FVL Schools Technology Conference Topic Survey

The FVL Schools Technology Conference Planning Committee met for the first time last week - thanks to those who were able to attend! A major goal for the conference is to provide topics that are relevant to the needs of your schools, teachers, and students. The committee would like to solicit feedback from your teachers regarding topics and possible presenters for the conference. Please distribute the survey link below to your faculty as soon as possible so that we might receive feedback within the next week or so. This will give the committee time to review and meet its target of making contact with possible presenters over Teachers' Conference weekend. Thanks for your time!

TRUNK OR TREAT

Do you have a car? a UTV?, or motorcycle? Does it have a trunk or cargo area? Join us October 29th, for our 2nd Annual Trunk or Treat. This event is open to everyone from St. John School, Church, or the community at large. It is an opportunity for all children, and ADULTS, to come together to have a safe, fun, and enjoyable time all in one spot. There will be music providing by a dj, bouncy house, games, hot dog and chip dinner, and lots and lots of candy. This year we are also voting to see who brought their "A" game and will take home the top prize for BEST TRUNK. If you would like to enter, just email your name and how many cars to trr61210@gmail.com. Even if you don't bring a trunk, bring your kids and yourself for an afternoon of good company. We hope to see you all there!

CLASSIFIEDS

Solid wood desk. It is six feet long, and three feet deep. It contains a ¼" think glass top, which can be removed. It is fairly heavy as it is not particle board. Condition would be 7/10. It can be seen and picked up at St. John Lutheran School. Cost: Free
